

What is your arm span?

Answer to the nearest half centimetre.

_____ . ____ cm

Stand against the wall or blackboard. Open your arms wide and measure the distance across your back from the tip of your **right hand** middle finger to the tip of your **left hand** middle finger. You can use a tape measure fixed to the wall or ask a partner to mark a dot at the tip of each middle finger, then measure the distance between the dots.

Does your arm span measure the same as your height? _____
